Getting Started Guide

ALWAYS LEARNING

PEARSON

The Pupil world

The Abacus pupil world is where your children log in to watch videos that you allocate to them, play maths games and complete interactive activities. It is also where they can access the rewards they earn by completing games and activities.

Logging in

Once the accounts have been set up for your class (see the [Set up your school account](#) section of this guide), you will have logins for all of your children.

Children log into the pupil world in the exact same way as you, via www.activelearnprimary.co.uk.

 You can download [login reminder bookmarks](#) from MyAbacus for sending home with children or for keeping in book bags.

Pupil Home

Once children have logged into the pupil world, they'll arrive at the Pupil Home screen.

Children can personalise their home screen by choosing a world. The worlds differ depending on key stage but include Race World, Skate World and Future World.

My Stuff

My Stuff is where children can see resources you have allocated to them.

My Library

This is a store of old resources. It is where resources will go when you de-allocate them. Individual Practice Games will go here automatically as soon as they have been completed.

My Rewards

My Rewards is where children go to select their rewards after completing allocated resources.

Here they can customise avatars, decorate a tree house, visit the sticker factory, play games and more. The more allocated resources children complete, the more rewards they can unlock and buy.

For more detailed help on the pupil world, see the [Pupil](#) section in Help.
